About Us

The company specializes in the field of electronics, supplying electrical and electronic equipment to universities, colleges, institutes, and schools, as well as installing surveillance cameras, protection systems, networks, and audio systems for all government buildings. The company also provides technical support to solve all programming issues, repairs electronic devices, and distributes computer software.

Our Vision

To become a leading technology provider in Oman and the region, delivering innovative electronics, smart solutions, and IoT technologies that empower individuals, businesses, and future innovators.

Our Mission

Our mission is to provide high-quality electronics, surveillance systems, networking solutions, and IoT products, supported by expert services, reliable supply, and customer-focused solutions. We aim to simplify technology, enhance security, and support education and innovation in our community.

Our Values

- 01** Quality
- 02** Innovation
- 03** Customer Focus
- 04** Integrity
- 05** Support & Education

Our Products

Cameras & Surveillance Systems

1. IP Cameras
2. CCTV Cameras
3. PTZ Cameras (pan-tilt-zoom)
4. Thermal cameras
5. Complete camera kits
6. NVR / DVR
7. Video Management Software (VMS)
8. AI-powered smart cameras

Networking Equipment

1. Routers
2. Switches
3. Access Points (professional WiFi)
4. Fiber optic solutions
5. Network cables (LAN / Cat6 / Cat7)
6. Patch panels & racks
7. Network installation tools (crimping tools, testers)

Security & Access Control Systems

1. Biometric attendance devices
2. Access control systems (card/fingerprint/face recognition)
3. Smart locks
4. Video intercom systems
5. Alarm systems

Our Products

Consumer Electronics

1. Laptops
2. Desktop computers
3. Smartphones
4. Tablets
5. Monitors & Smart TVs
6. Accessories (headphones, mouse, keyboard)

Advanced & High-Profit Products

1. Smart home devices
2. IoT (Internet of Things) solutions
3. Servers & storage (NAS)
4. Video conferencing systems
5. Power solutions (UPS, batteries)
6. Solar-powered cameras

Accessories (High Margin Items)

1. Cables
2. Batteries
3. Chargers
4. Camera mounting brackets
5. Junction boxes
6. Installation and maintenance tools

Our Products

Arduino Boards & Development Kits

1. Arduino Uno R3
2. Arduino Mega 2560
3. Arduino Nano
4. Arduino Starter Kits
5. Compatible boards

IoT Development Boards (WiFi / Bluetooth)

1. ESP32 DevKit
2. NodeMCU ESP8266
3. Raspberry Pi
4. Compatible boards

Sensors

1. Temperature & humidity sensors
2. Motion sensors (PIR)
3. Distance sensors
4. Gas sensors
5. Light sensors
6. Soil moisture sensors
7. Customer requests

Modules & Add-ons

1. Relay modules
2. LCD / OLED displays
3. GPS modules
4. RFID modules
5. Bluetooth modules
6. GSM modules
7. Customer requests

Components & Prototyping Tools

1. Breadboards
2. Jumper wires
3. Resistors, capacitors kits
4. Power supply modules
5. Soldering kits
6. Customer requests

Smart IoT Solutions

1. Smart home automation systems
2. Smart irrigation
3. IoT security systems
4. Energy monitoring systems
5. Customer requests

Shipping and Supplies

1. China (bulk suppliers)
2. Local distributors in Oman/UAE
3. Official brands (for trust)
